Missionaries to Brazil since 1965

Happy New Year!

Thank you for all of your prayers and support during 2022. The year was a challenge for us as health issues played a large part. Dean is doing much better and gradually getting his strength back after spending over 3 months in and out of ER and doctors' offices and battling anemia the past few months.

It was a special blessing to have our son, Edmond, here for 2 weeks. It had been 21 years since he had been back to Brazil. He took the pictures of part of our group at church in Brasilinha and also of our neighborhood, using his drone! The church kids were fascinated!
