

DEAN & DELORIS MCCLURE

MISSIONARIES TO BRAZIL

Update on Dean

It has been a very difficult 2 months since our last letter. Dean was in the hospital for a total of 23 days in Nov/Dec. then home for 2 months and then back to the hospital for 10 more days. He is home and we are dealing with home health care. He has some fair days and others not so much.

Thank you!

We are so thankful for those who have prayed for Dean's health and for your faithful support from supporting churches and those who sent in special offerings to help with extra expenses . . .there just aren't words!

Helping hands!

What a blessing it has been to have, first Patrick, here for a month, then Mark and Michele have been here from Portugal to help with so much of the extra things going on, fixing meals, helping with daily living. Joshua and Rachel came from Springfield, MO, for 10 days. What an encouragement!!

Prayer Requests!

1. Dean's health
2. Our church family - it has been hard on them to see their leader having health problems, but the men are stepping up to do what Dean has been teaching them to do. Mark has been a blessing to the church, preaching, teaching and baptizing. Our prayer is that God will call some of the men to preach.
3. My health. I have a stress fracture in my left knee and am using a cane to let it heal and not injure it more.

Serving with joy.
